

Awards Call for Nominations

RMEL is currently seeking nominations for the Emerging Leader Award.

Emerging Leader Award: The Emerging Leader Award recognizes and honors those RMEL members who are up and coming in their company and will be the future of our industry. Nominees must have 5-10 years of experience in the industry, establishing significant contributions within their organization and have demonstrated the potential for leadership and continuing service in the electric utility industry. The person must be active in the field at the time of the award.

Your Nomination is Important!

In today's uncertain political and regulatory environment, it is certain that a younger generation with a fresh perspective will use the knowledge that utilities have collected over the past century to discover solutions to existing and new industry challenges. Whether the industry stays relatively the same in 20 years or makes massive shifts to distributed generation, people will continue to achieve excellence even in extenuating and seemingly impossible circumstances. **Empower your employees, and let them know that what they are doing matters!**

A nomination form and associated supporting documentation shall be submitted for each nominee to the RMEL office (at the address shown below) by **March 10, 2017**. A nomination form can be found on RMEL's Web site at: <http://www.rmел.org> and click on awards.
